The inquest referred to in G. &  
10-1-06 is that to be held under  
art 404 M.S.O. Under this  
art the Head of the Office in which  
the man killed or injured was

employed must hold a formal inquest. It is not quite clear what is exactly meant by a formal inquest. For the purpose of settling a claim to an extraordinary pension on behalf of the family of a post office "dying of plague" a detailed report of the circumstances under which the death occurred, together with the Certificate of the nearest medical officer, as to the Cause of Death" seems, as stated by the D.G. of Police to be sufficient. The head of the office who has to hold the inquest would be a man of some local influence but may not be difficult for him to get Panchayat Dars to hold a regular inquest & give a verdict -

certainly be useful. But  
cases may arise in which  
it will be impossible to  
secure the presence of a

in Mysore.

To,

K. S. Chandrasekhara Iyer Esquire, B.A., B.L.,  
Secretary to the Government of  
His Highness the Maharaja of Mysore,  
General and Revenue Departments.

Sir,

In forwarding herewith copy of letter No: 217 dated 31st October 1906 from the Superintendent of Police, Mysore District, (with enclosure) and referring to Government Proceedings No: Fl. 4370-415/S&A 409-05-2 dated 10th January 1906, I have the honor to state, that in cases ~~by~~ where officers die of plague or cholera in the execution of their duty, a detailed report of the circumstances under which the death occurred, together with the certificate of the nearest medical officer, as to the cause of death, is surely sufficient.

It would be obviously impossible in such cases to hold a regular inquest, and no Panchayatdar could be induced to be present. Besides this, the medical officer is the only person sufficiently expert, ~~as~~ to determine whether death is due to plague, cholera or other disease.

I have the honor to be,

Sir,

Your most obedient servant,

  
Inspector General of Police.

Dated 31st October 1906.

From,

Md. Zahiruddin Meccai Esquire, B.A.,  
Superintendent of Police,  
Mysore District.

To,

F. E. C. Carr Esquire,  
Inspector General of Police in Mysore.

Sir,

With reference to para 2 of the Comptroller's Memo No: 5/7349 and 7351 of the 24th July 1906, received with your No: 932/82 dated 2nd August 1906, I have the honor to bring to your notice that no copy of Government Proceedings No: FL.4370-415/S&A 409-05-2 dated 10th January 1906 referred to therein has been supplied to this office till now. From a copy of the same obtained from the Deputy Commissioner's office it is seen that para 5 of the Comptroller's letter contained in the said proceedings requires that both the verdict of the inquest and a short resume of the case &c., should always be forwarded by the recommending officers along with the pension application.

It has not been the practice hitherto to hold inquests on the bodies of officials dying of plague and hence no such information can be supplied in the case of persons who have died till now.

With a view to issue instructions for further guidance I beg to know the grade of officers that may be authorized to hold inquests and a form that has to be adopted in such cases. I request also the favour of a copy of the proceedings being supplied for reference.

I have &c.,

Returned finally with enclosures.

The fact that they were on duty in an  
infected town is not enough; for, there was nothing  
to prevent them from leaving <sup>the town</sup> as they were not  
specially employed on plague duty. Every resident  
in an infected town runs the risk of catching  
the infection as much as the Constables in the

Case under reference. There should be something more than this - such as some act which brought them in direct contact with objection to justice, the grant of an extraordinary pension in these cases.

No. FL. 6238-9—S. & A. 409-05-4, DATED BANGALORE, 15TH FEBRUARY 1907.

ORDER THEREON.—The inquest referred to in the Government Order dated 10th January 1906 is that to be held under Article 404 of the Mysore Service Regulations and means a *regular* enquiry as to the cause and circumstances of death or injury. The word is simply meant as an equivalent of “enquiry” or “investigation” and is not used in the technical sense attaching to it in the Criminal Procedure Code and Police Rules. It is the Head of the office in which the deceased officer was employed that should make this enquiry. The medical officer's certificate will certainly be necessary and useful and should be obtained whenever possible.
